

COMMERCIAL SUNROOM PRODUCTS A Division Of Patio Enclosures, Inc.

CLUB LA MAISON
WAYNE, PA

When the members of this exclusive health club could not use the indoor track due to a severe roof leaking problem, the owners of the facility called upon the experts of The Commercial Division of Patio Enclosures, Inc.

Specifically engineering the 6' x 48' glass structures to blend with the existing building and fit within the existing footprint at 2 separate locations on the building, C.S.P. responded to the challenge of eliminating leaks while providing volumes of natural light for the track.

Utilizing high performance Low E Glass with a custom painted finish, the track was opened to members within 60 days. The flexibility of C.S.P.'s design and engineering makes C.S.P. the only choice for your next challenging project.

C.S.P., the recognized leader in glazed structures

The building features are:

- ☐ 1" bronze tinted, Low E Glass
- ☐ Laminated roof glass for safety
- ☐ Maintenance free structural components
- ☐ Installation by C.S.P. employees

The Commercial Division of Patio Enclosures, Inc. will solve your space needs. Contact us for more information.
