

# COMMERCIAL SUNROOM PRODUCTS

A Division Of Patio Enclosures, Inc.

COUNTRY CLUB HILLS, IL

The city of Country Club Hills desired to construct an all glass arboretum that would be utilized for educational and research purposes. The city selected the services of **C.S.P., The Commercial Division of Patio Enclosures, Inc.** to engineer, manufacture and install this site specific structure.

**Constructed of thermally broken**, maintenance free aluminum materials, combined with high performance Azuria Low E glazing, the arboretum is the culmination of the vision to grow and display exotic plants and landscape. The **free standing** structure is a testament to the engineering capabilities of **C.S.P.** and their ability to meet the specific finish and performance criteria established by the owners rigorous demand.

The flexibility of **C.S.P.'s design** and engineering, combined with precision manufacturing and installation by company employees, makes **C.S.P.** the only choice for your next challenging project

### The building features are:

- Specifically engineered for clear span
- 1" Azuria, Low E Glazing
- Duracron/Polycron Bronze finish
- Powered roof ventilation
- Single source responsibility

**The Commercial Division of Patio Enclosures, Inc. will solve your space needs. Contact us for more information.**
