

COMMERCIAL SUNROOM PRODUCTS

A Division Of Patio Enclosures, Inc.

Kendal At Oberlin, Oberlin, OH

The Kendal Corporation is a nationally recognized leader in the field of aging. To provide an enhanced quality of life for their residents, the administration selected the team of C.S.P. to design, manufacture and install the much desired Sunroom space.

The custom designed Enclosures afford additional space that permit the residents the ability to gain the physical advantages of natural sunlight without the the elements of wind, rain and insects. Allowing for large volumes of natural light, the Sunspace contributes to the tranquil and relaxing comfort not experienced by other methods of construction.

Whether the additional space is to be utilized for retirement communitiies, nursing or assisted living communities, you owe your residents the best possible oppourtunity for quality, maintenance free Sunspace. Call on the professionals at C.S.P. We understand your business.

The building benefits are:

- Custom design
- Quality installation by certified employee owners
- Tempered glazing
- White or bronze Duracron/Polycron PPG finish
- Turnkey services, including concrete pad

The Commercial Division of Patio Enclosures, Inc. will solve your space needs.
